Education

Cairo University
computer science and artifical intellegence | 08/2027

Skills

Microsoft excel, Microsoft word, English, Leadership, Time management, Git & GitHub Version Control, Problem Solving and Logical Thinking, SQL & Databases, C++ Programming

Experience

Student
Self-learning projects | 08/2023 - Present

- **Filters App (C++)**: Built a simple image processing program that applies grayscale, inversion, and other basic filters on images.
- **Mini Games (C++)**: Developed console-based games like Tic-Tac-Toe and Number Guessing Game using C++ and object-oriented programming.
- **Iftar Manager (C++)**: Created an app to manage meals and budget during Ramadan, focusing on file handling and structured data in C++.
- **Online Library System (Web Development)**: Designed and implemented a responsive web-based system using HTML, CSS, and JavaScript to browse, search, and manage books online.
